Brother, I love you
Don't leave me alone

Sarah, I love you
Don't let me go

Cuz' I wish the earth would ?fall out?
And leave us all alone

For all you know
It's enough to make you sick
And ooh
I know it's tougher, tougher for you
I know it's tougher, tougher for you
ooh

The light is nearing
The time to go
And I'm scared believe me
I'll ?

Hey Tim, the birds are
Coming for us

For all you know
It's enough to make you sick
And ooh
I will suffer, suffer for you
I will suffer, suffer for you
ooh
