Stayed out later than usual  
See us walk under the moon  
?Save enough? for two  
That's me and you followed by a ghost  
Remember it's all for you  
Remember it's all for you

Pour slow holy fountain  
You awake my love, love, love, love  
So beautiful the way you take control  
And you make it all so real, real, real, real  
Pour slow holy fountain  
You you make my love, love, love, love

That's your disguise  
And you put it on  
But you take it off  
When you pick me up  
And you put me down  
Well that's your disguise  
?So can you take it off?

We're always coming back together, yeah  
And we're always coming down  
Just like your memories of  
Someone you said was followed by a ghost  
You're always followed by his ghost  
Remember it's all for you  
Remember it's all for you  
Remember it's all for you  
Remember it's all for you

Pour slow holy fountain  
You awake my love, love, love  
So beautiful the way you take control  
And you make it all so real, real, real, real  
Pour slow holy fountain  
You you make my love, love, love, love

But that's your disguise  
When you put it on  
But you take it off

When you pick me up  
Oh is it just to put me down  
You tell me lies like I'm not around  
Oh that's your disguise  
When you put it on  
Yeah you put it on  
You just can't take it off
