Have we learned anything from our past?
All the guns and the bombs and country calling out for
war
One nation set in silence for the profit of the business
man
Well ain't nothin' coming for free in my hands
This ain't no democracy kid, ya' better leave

Chorus:

I'll fight the tyrant
This ain't no revolution
I'll fight the tyrant
Just so we can live free

I spent my whole life on the outside looking in
Looking for peace and a place that I can rest my head
I've seen some things I still cannot believe I've seen
Well ain't nothing coming easy anymore
They say that I ain't got no future no more

Chorus:

I'll fight the tyrant
This ain't no revolution
I'll fight the tyrant
Just so I can walk free
