I never stay in my past  
And I'll never accept my fate  
I've got one life to live  
One that I never intend to waste

As I walk through the door  
Into hate and to war I resent them  
Caught in a web of politicians and lies  
I resist them

Chorus:

Take me out of this place  
Where there's no walls and no broken windows  
Take me out of this hell where I stand on my feet  
Live free

Take me out of this place  
Where no children are dying and no wars exist  
Take me out of this hell  
I need to live free

There are words that need to be spoken  
Freedom of speech dies everyday  
I don't feel the pain of temptation  
A life of riches and no self respect  
While they were dreaming years ago  
Of God and Country, Flags that fly high  
I was living, breathing, crying  
Feeling the pain  
Of their crossed way of life

-Chorus-

I've been beat down  
Bloodied up and thrown in the dirt  
I still stand tall and proud  
Never forget what I came from  
These scars on my body remind me  
Of times that have past and new ones to come  
Never had a place I could call home

Revolution in my head, I don't feel so alone

-Chorus-
