Can I have a smoke? Oh, alright. Thanks man.  
Hey does it go puff, puff, pass or pass, puff, puff. I  
don't know?  
Oh, here you go, man. Oh, I'm supposed to light it? Oh,  
OK.  
I was wondering why I wasn't getting high. Hey uh.  
Anyone got a lighter?

You know the other day I was walking my cat and you  
know  
And there was another cat so that made it two cats you  
know  
So my cat hisses at the other cat. You know?  
And I had to go chase my cat down cuz it went in the  
street down Harvest  
Meadow Court in San Jose...

I'm like whatever's clever  
My feelings toward the subject already been severed  
Constantly I groan like I'm in the ozone  
Everything I say comes across as monotone  
Either way it doesn't matter to me  
It could be dynasty or catastrophe  
My muscles just atrophy. You could even laugh at me.  
You could curse my family or any kind of blasphemy  
I'mma just keep doing my thing  
Which ain't really much. You could call it anything  
Do whatcha like and I'll just exist  
The fruits of my labor are just the pits. Shit.  
Not like I make a difference.  
I don't even care about these words I'm indifferent.  
Great me with a Hey! I'll greet you with an Eh...  
My life trailing off into dull existence.

I'm clueless. So clueless.  
Any kind of brain activity is useless.  
You just do whatever you do  
I'mma hover here cuz I don't have a clue

Staring at this screen, I'm not thinking  
Life passes right before my eyes while I'm blinking

Don't try winking at me. I'm clueless  
Every person that I run across is saying Who's This?  
I thought you offed yourself years ago  
HR says "You're not on the payroll!"  
From where the V is sitting, no one's gonna miss me  
My life has been a vacuum void of any history  
All up in the club, I don't even bother  
Pop some champagne mein, I'll have agua.  
I could find a mate and end up a father  
But I can barely keep my own head above water  
When I say something, It makes you even dumber  
When I went to school, I just thought about the summer  
Meaning I'm missing everything substantial.  
My pilot light is out so you can't light my candle.

I'm clueless. So clueless.  
Any kind of brain activity is useless.  
You just do whatever you do  
I'mma hover here cuz I don't have a clue

I'm the epitome... of being pitiful  
I could try something, but that would be really cool  
Too much for me. That would take effort.  
I'm a blah, blah, blah, blah, blah expert  
I got a de-gree in monotony  
Du-hh is my hobby  
I wear dull clothes. I got dull shoes  
Even at 2, I was like an old dude  
And even that was an improvement  
I was nicknamed slug for lack of body movement  
Drag me around cuz I make a nice carpet or rug  
I'm not even classified a bug  
When I choose to talk I'm at a loss for...  
Everyday's highlight is when I drop a tird  
I walk around with my tongue out - nose running  
Drooling all over on my bulging tummy

I'm clueless. So clueless.  
Any kind of brain activity is useless.  
You just do whatever you do  
I'mma hover here cuz I don't have a clue

So I finally capture my cat. She was being a bad kitty.  
I'm going to have to put her on a leash next time.  
So next time you see me I'll be walking my cat on a  
leash  
I need to change her litter box soon, too.  
Once I stop using it.
