I'm burnin' rubber shiftin' in second doin' four five.  
Pullin' up in my sports ride Â– I'm sittin' courtside!  
Ballin' in the front row the action on the court's live  
Hoops is the only game in town cuz the sport's fly.  
I wanna see a showdown Â– a bunch of dunk  
throwdowns  
When the horns sounds Â– I'm down and ret to go now  
A pound for the people all around sittin' next to me  
Spot me on the screen. I'm an overnight celebrity.  
Up in the buildin', if god's willin'  
I'm hopin' my team's gonna bust this wide open  
Sit up Â– Get 'em up Â– Hands in the air  
Look at those fine cheerleaders over there  
Call up my buds Â– let 'em know I got the hookup  
Got some dudes jealous and the haters all shookup  
Lookup Â– there's the tip and oh, my  
My favorite player just dunked Â– yeah, I'm sittin'  
courtside!

Home team represent Â– I'm sittin' courtside  
All Star Weekend Â– I'm sittin' courtside  
Conference Playoffs Â– I'm sittin' courtside  
NBA Finals Â– I'm sittin' courtside

It don't matter who's comin' through I wanna see the  
stars  
Check the members of the 2008 Olympic squad  
Jason Kidd straight runnin' and gunnin'  
Any team try to hang with him gets done in  
Chris Bosh Â– he's the boss with the sauce  
Try to run game on him, you get tossed  
Michael Redd rainin' 3's all day  
Can he knock down the open jay? Always  
Dwight Howard Â– the most powerful slam  
Dudes get faced from his two-handed jam  
Tayshaun Prince Â– you gotta mention length

Blockin' layups on the break with his left-handed strength  
Carlos Boozer Â– man, he ain't no loser  
Moves in the paint with a shake & bake maneuver  
Deron Williams Â– commands the fast break  
Sets up the O - leaves foes in last place

Home team represent Â– I'm sittin' courtside  
All Star Weekend Â– I'm sittin' courtside  
Conference Playoffs Â– I'm sittin' courtside  
NBA Finals Â– I'm sittin' courtside

Rebound, outlet from Carmelo Anthony  
Out to Chris Paul Â– main man on the break  
Over to Kobe Â– no look to D Wade  
Alley oop to none other Â– It's LeBron James!  
There's so many ballers that got great game  
Don't even trip if I didn't say your name  
I got your back homie - dap for you homie  
You've just won the MVP trophy homie!  
I love the NBA cuz it's blood, sweat and tears  
Watchin' dudes develop into stars over years  
You can see the strategy from the teams battling  
Blink and you'll miss it. The fast pace is staggering.  
I've been a diehard NBA fan  
For years so sittin' front row's the ultimate jam  
In the place to be, I got tickets for the next time  
Where did this all take place? From sittin' courtside!
