Drive
Meet me at the corner of hope and hopeless
Try
To follow me I know a way out
It's your life
So try not to get stuck
In this crazy circus
Misery loves company
So let's dance until we die

Kiss kiss
Kiss tomorrow goodbye
This is gonna be a late night
Get get
Up and let it go
We've got the right to
Take this party over
Changing up the sound
Check your ego it's all a blur
Desperate boys and stupid girls
Same old destinations
We're all falling down

Like broken plastic wind-up toys
Desperate girls and stupid boys

Drink
Drawing just because
Are you even thirsty?
Sink
Into another conversation
You won't remember

Your desperation is not unique
Infatuation of the week
Your dedication to your drink
Spills over
Drive
Meet me at the corner of hope and hopeless
Try
To follow me I know a way out
