I got old man farts that escape with a "Poof!"  
Bubblin' in my bum since 1972  
My farts will wrestle you down to submission  
And that's how I blow away the competition  
Farts are from dookie in your poop shoot  
Mine announce their arrival with a "Toot-Toot!"  
Some farts are wet. Mine are spicy  
2 scoops of beans? That will do nicely.  
V loves to be with the tenderoni's  
And my cornholes labeled exit only  
The male species keeps farts at ready  
While ladies drop bombs silent but deadly  
Farts been around since back in the days  
The universe shot out the Milky Way! Yep!  
So back up, back up and give me room to breathe  
So I can stank up, stank up the whole rap industry

Your decision to air that out is real poopy  
I'm feelin' real loopy cuz I almost dropped a dookie  
Who me? I'm an asshole with a microphone  
If I ever finish farting then I might go bone  
But I can't, so everybody that's followin'  
I drank a bunch of milk and I'm lactose intolerant  
Hollerin' get ready for the stench  
Put me in the game and I'll clear the whole bench  
From more than a gallon gas  
This ain't the type of smoke that you puff, puff and  
pass  
Relax Â– I've got no more flatulence  
I just want to welcome y'all to what's happennin'  
So check out this noxious fume  
All my fans gather round while I drop the boom!  
Kablam! Honeys leave the room  
As I melt those guys on the fruit of the loom
