Give me a bunch of beats and I'm bangin' the best.  
Slangin' the rest.  
Geographically, I hang in the West.  
There's no need to test, I'm Cali certified. Hurt a guy  
If he try to take my burger & fries  
No White Castle, I like Burger King, MickyD's  
In N Out and double the cheese.  
Leave women in a rhapsody with my flow, mappin' my  
growth  
Indicates that I'm wrappin' the globe  
With scintillating skills that you'll never forget. Never  
forget  
I'm colder than an Everest quest.  
Dead president's like Franklins I pocket. I rock it.  
Today's papers number one topic  
You're yesterday's news left in dumps, dressed like  
chumps  
Women after V are sweatin' in pumps  
So I pump it up 'til your speakers bleed. Tweakers flee,  
Or bow down while I sneak their weed.

It's the V Mein. You got that right.  
I keep it air tight. C'mon, you need to get with this.  
It's the V Mein. You got that right.  
I keep it air tight. C'mon, you need to get with this.

I like Round Table Pizza Wombo Combo's  
You're in good hands like Rajon Rondo  
Chillin' in a condo playin' the bongos  
Know a couple bros who be hittin' the bong slow  
Doin' the mambo and the Macarena  
Electric Slide when my people's hooride  
Hittin' piñatas sippin' pina coladas  
Trickin' at the Bunny Ranch out in Nevada  
Like Jesse Ventura, I'm a miracle curer,  
Blast a pandemic 'til your people's say "Word Up!"  
Globetrottin' tourer, great time ensurer  
Make you feel fine like some shots of the syrup  
It ain't Lob Cabin or Aunt Jemima  
Not a lady two-timer but an all-night grinder  
All I gotta say is V's a rider

And they're comin' out the stands sayin' "Where do I sign up?"

It's the V Mein. You got that right.  
I keep it air tight. C'mon, you need to get with this.  
It's the V Mein. You got that right.  
I keep it air tight. C'mon, you need to get with this.

So Jam Â– J J J J Jam on it!  
Throw me on the court and I'll be the champ on it  
Breakaway rims for the V to slam on it  
You get posterized cuz I'm so fly. Stop Kid!  
Alright, Alright, but I'm dynamite  
Like TNT on a doubleheader night  
Want a dose of dope, here's your transfusion  
Expose my foes like a spy in collusion  
Corrode your bones Â– you retire in confusion  
Dethrone you clones Â– you're empire's an illusion  
So wake up and smell the coffee  
I'm so potent I can pimp opium outta poppy  
At the afterparty sippin' Bacardi  
Get naughty with a couple hotties right in the lobby  
Move it upstairs Â– it's rare that my cupboard is bare  
I bear witness to their physical fitness, Yeah!

It's the V Mein. You got that right.  
I keep it air tight. C'mon, you need to get with this.  
It's the V Mein. You got that right.  
I keep it air tight. C'mon, you need to get with this.

Uh, Uh  
Yeah, Yeah  
That's right  
You need to get with this

It's the V mein  
True MC mein  
Keepin' it airtight  
There it is
