50 Years! 50 Years!  
We've got 50 years until we start outlivin' our means  
Y'all know what that means...

Oh! Oh! Oh! Oh!  
Go, go, go, go, go, go, go, go  
Oh! Oh! Oh! Oh!  
Go, go, go, go, go, go, go, go

Skull Â– Grey Matter & Cerebral Cortex  
Mind like a steel trap Â– synaptic vortex  
My physical, spiritual, emotional  
And elemental are impenetrable  
Flesh, blood & spirit become 1  
Alpha & Omega Â– never comin' undone  
Risn' from the ashes like a Phoenix  
Heart full of fire Â– quagmire of desire  
Serious delirious confusion Â– contusions  
Corrosion Â– nerves fire electrical explosions  
In my mind's eye I ain't blind to the shame  
Fear and corruption Â– the walls of constraint  
Disestablishmentarianism Â– the schism  
Matrix of a universal prison  
The composition of my character consumes & compels  
me  
And in this reality

I'm livin' life like there is no tomorrow  
I'm livin' life like there is no tomorrow  
Takin' hold of mind, body & soul  
I'm livin' life like there is no tomorrow  
I'm livin' life like there is no tomorrow  
I'm livin' life like there is no tomorrow  
Takin' hold of mind, body & soul  
I'm livin' life like there is no tomorrow

The sky is raining down hell from the heavens  
This is Armageddon!  
Intergalactic implosions Â– solar explosions  
The end of all hope and  
Throughout the metropolis it's the apocalypse

Utter catastrophe – this is what is meant to be  
The earth's core is spewing out molten rock  
Who opened up Pandora's Box?  
Hurricanes, earthquakes & tsunamis  
Result in a populous of undead zombies  
The atmosphere is scorched – the hemisphere is  
torched  
Lost souls pray for forgiveness from the lord  
It's too late! What's our fate?  
Doom & destruction of the human race  
Nothing ever seen before on this earth  
When kingdom comes we're in a world of hurt so

I'm livin' life like there is no tomorrow  
I'm livin' life like there is no tomorrow  
The grief, the pain, the sorrow  
I'm livin' life like there is no tomorrow  
I'm livin' life like there is no tomorrow  
I'm livin' life like there is no tomorrow  
The grief, the pain, the sorrow  
I'm livin' life like there is no tomorrow

With God & the Devil together nullified  
The remnants of the world denied  
Your dreams become nightmares  
Not even the truth remains when all hell breaks loose  
From the gates of heaven – the bowels of hell  
Who will survive? Only time will tell  
Until I draw my very last breath  
Remember the V! I transcend the flesh  
That's why everyday I walk a very thin line  
Balance on the precipice and I don't wanna die  
This is what I learn about this life of mine  
But I won't break down – no I won't cry  
What you thought was set's now outta control  
And you never know when you're gonna go  
So I dedicate this to you  
That's why I'm livin' the way I do

I'm livin' life like there is no tomorrow  
I'm livin' life like there is no tomorrow  
Cuz I'm livin' on time already borrowed  
I'm livin' life like there is no tomorrow  
I'm livin' life like there is no tomorrow  
I'm livin' life like there is no tomorrow  
Cuz I'm livin' on time already borrowed  
I'm livin' life like there is no tomorrow

No Tomorrow!  
No Tomorrow!
