Time is Money Â– Money is Time
Don't have a job then you don't have money
Don't have money if you don't have a job
Don't have a job if you don't have time

Time is Money Â– Money is Time
Don't have a job then you don't have money
Don't have money if you don't have a job
Don't have a job if you don't have time

If I was in the biz, I'd be havin' big fun
Devour wack beats, spit out only sick ones
Layin' fly tracks with the finest of symmetry
By any means Â– movin' units legal or illegally
Product distribution Â– foreign & domestic
Music is perfected - battlefield tested
Passin' all the sensors & stress tests
Your best bet's to go all in with V as your investment
Return's so grand like an IPO's options
Any other hand you'll be droppin' & floppin'
I'm chasin' a dream Â– not a pyramid scheme
Watch me do my thing Â– monopolize the scene
Channels international Â– inside connections
All bases covered Â– I ain't puttin' out my neck then
My reputation Â– you can bank on it
So when it comes to volume Â– you can crank on it.
Yeah.

Time is Money Â– Money is Time
Don't have a job then you don't have money
Don't have money if you don't have a job
Don't have a job if you don't have time

Time is Money Â– Money is Time
Don't have a job then you don't have money
Don't have money if you don't have a job
Don't have a job if you don't have time

Don't even talk 'less you're ready to do business
And you have vision in your proposition
Cuz I go to work like Kool Moe Dee

And get the job done like Kane, the Big Daddy
Handin' out checks cuz I get much respect
The key to my success is my cool intellect
I project in this presentation that I'm the best
You fess, you guess, you test, but still ain't correct
Your jargon is makin' your whole crew starvin'
To me it's all gravy, you turkeys I'm carvin'
I do more than put food on the plate
I get in 'ya like cancer in your prostate
Powerful like 3 piece suits
Power ties reflect that I ain't a recruit
When this exec executes a grand masterplan
Businessmen retire like a group of alorans

Time is Money Â– Money is Time
Don't have a job then you don't have money
Don't have money if you don't have a job
Don't have a job if you don't have time

Time is Money Â– Money is Time
Don't have a job then you don't have money
Don't have money if you don't have a job
Don't have a job if you don't have time

The V graduated with Finance degree
Now I'm rollin' out in a 6 after the V
SJSU diploma in a plaque
1998 graduate Â– I like that!
Specialized in Financial Planning & Analysis
Qualified to work in any sector with directors
Even in the boardroom Â– I'm a boss stunner
Cuz I know the impact each time I run the numbers

Hey, just remember time is your most precious
commodity
And if you decide to waste your time doin' this and that
Man, you ain't never gonna get your time back Â–
Peace!
