I heard someone say the malevolent one & maniac
have been retired
Well guess what?
MotherF'ers we're back!

I got several levels of malevolence
That's right, V Malev isn't heaven sent
Got several levels my friend?
Go Yah Dah Da Da
Dah Dah Da Da

I got several levels of malevolence
That's right, Jon?Doe isn't heaven sent
Got several levels my friend?
Go Yah Dah Da Da
Dah Dah Da Da

Woke up on the wrong side of bed this morning
Night of the living dead sweat pouring
Brain swelling from evil thoughts
About the legacy that evil's brought
Slaughter of the silence of the lamb
Styx river to the land of the damned
It's Passion of the Christ in it's truest form
Wicked and sickening Â– F the norm
Unholy state of a mind gone mad
Please forgive me for this one dad
Spare my life, but spoil the child
Growin' up in a world gone wild
Don't cross me or you're a goner
Apocalypse is around the corner
While you pray the earth's wiped clean
Like nuclear blasts to the nth degree
But I'm daydreamin' so nightmarish
Shudders ripple from priest to parish
Rorshach test trippin' fantastic
Shit gets thick and then gets drastic
Since placenta Â– been off center
Wrong the rights - what I intend ta'
Can't escape from how I'm made
Contemplatin' this razor blade

I got several levels of malevolence
That's right, V Malev isn't heaven sent
Got several levels my friend?
Go Yah Dah Da Da
Dah Dah Da Da

I got several levels of malevolence
That's right, V Malev isn't heaven sent
Got several levels my friend?
Go Yah Dah Da Da
Dah Dah Da Da

I got several levels of malevolence
That's right, Jon?Doe isn't heaven sent
Got several levels my friend?
Go Yah Dah Da Da
Dah Dah Da Da

I got several levels of malevolence
That's right, Jon?Doe isn't heaven sent
Got several levels my friend?
Go Yah Dah Da Da
Dah Dah Da Da
