Now we're victorious, to us go the spoils I'm captain, prince & king so call me a royal Loyal to my people with no equal Â- the epitome Splendidly lauded thoughout my rap dynasty All around the globe Â- breeze flowin' through my robe Crown upon my head Â- hand wrapped around the globe

Yeah, it don't stop, catapulting past the top
Upper echelon caliber Â- Excalibur
Round table cypher lead rhymer
Prime timer, rough terrain climber
All day & night grinder
Adorned with a talisman that gives testament
I'm the greatest mortal among the very best of men

Ultimate, ultimate victory Ultimate, ultimate victory Ultimate, ultimate victory Ultimate, ultimate victory

Blazin' trails of forceful fortitude in the firmament Overlord enforcer – the rap tournament's The resting place of where my foes fall My legacy reverberates throughout hallowed halls

Ultimate, ultimate victory
Ultimate, ultimate victory
Ultimate, ultimate victory
So victorious - so victorious
Ultimate, ultimate victory
Ultimate, ultimate victory
Ultimate, ultimate victory
So victorious - so victorious

Never been a limit to my sphere of influence Past the horizon Â- my flow's a confluence Uniting my kingdom to celebrate the coming Of a new day dawning, filling rafters & awnings Ivory towers dedicated to the truth Atmosphere ripe from celebrations of youths The flag of victory will flow throughout history Honoring the sacrifice Â- supreme dignity
In the fortress I gathered my forces
Ready to do battle Â- went to war in the saddle
And led the attack Â- swinging like a battleax
League so strong that they couldn't battle back
Counteracted their advances and made them retreat
Yeah, we're the victors who conquered all the fleets
It's a celebration of exhilaration
Extreme exultation all across the nation

Ultimate, ultimate victory
Ultimate, ultimate victory
Ultimate, ultimate victory
Ultimate, ultimate victory
Ultimate victory
Ultimate victory
Ultimate victory
So victorious, so victorious
