I go to bat for my troops like the Dark Knight
True to the game cuz I played my cards right
Bet on the V, I'm like "Alright, Bet!"
Step to the rhythm or else your better step
I ain't got time to waste my own time
It's my time to shine so you know what's the time
Any kind of girl, they love me long time
Up for the long ride Â– Down for the long grind
Some wind their body and make me rewind
I make 'em feel fine like tannins in wine
On the go I'm good to go I'm from where they go dumb
Skills like a shogun. Competition goes numb
Haters start trippin' but get finished and diminished
I got game for days so I run it like a clinic
So resort to mimicking or flow gimicky
When it comes to word selection, V is so finicky

Proud & True.
I get paid. Whopty Whoop.
V's so Proud & True.
I get paid. Whopty Whoop.
V's so Proud & True.
I get paid. Whopty Whoop.
V's so Proud & True.
I get paid. Whopty Whoop.

Upstanding quality like 5 star restaurants
Check out any cipher and I'm flowing with the best of
flaunts
Cuz it's no sweat. I'm a verbal vet
Make ladies wet with sweat while we jam to Keith Sweat
Foreverlasting, lifelong, no strife
In this fo' life - my body's full of life
When I'm fresh out the party, I'm still fresh to death
With moves so fresh you know you're boy reps the West
Flyer than the flyest of the fly Â– not a wiseguy
But a goodfella Â– at the same time a nice guy
I'm genuine even in trouble like Genuwine
Fine gentleman, yes the article genuine
Facts over funk gettin' funky like the DOC
Brand new funk with Will Smith's pedigree

Stay on the ready. Hope you ready for this!
Born ready with a beddie and my fetti on the ready

Proud & True.
I get paid. Whopty Whoop.
V's so Proud & True.
I get paid. Whopty Whoop.
V's so Proud & True.
I get paid. Whopty Whoop.
V's so Proud & True.
I get paid. Whopty Whoop.

The funk is in my bones, so it's music to my ears
And when I let it out, funky music's in my tears
Passin' through your city, I make it a funky town
Seen some Mamajamas lookin' like a Brick House
Conjunction junction - Love some Con Funk Shun
My function is to let it whip in any function
In my town all the avenues electric
Like Billie Jean from my energy kinetic
The funk phenomenon - Yeah, the funk is my callin'
The groove is in my heart. Fly Bootsie Collins
Ladies, I'm crazy to be your heart's desire,
So give me a chance. I'll be your Earth, Wind & Fire.

Proud & True.
I get paid. Whopty Whoop.
V's so Proud & True.
I get paid. Whopty Whoop.
