yesterday i was caught in the rain
holding hands with the past then it came
all the thoughts of you are in vain

when the suns down i hear my name
you wanna talk but i'm tired of your game
i'm warn down and can not hear a sound
boy you make we wanna

cry cry cry
when you tell me all your
lie lies lies
but when you hold me i could
die die die
boy you make me want to
cry cry cry

yesterday i was picking my brain
trying to find why you treat me this way
don't wanna fight, don't wanna hurt anymore
but there's moments i cannot resist
like when you grab me and give me a kiss
still something i'm knowing is missing
boy you make me wanna

cry cry cry
when you tell me all your
lie lie lies
but when you hold me i could
die die die
boy you make me want to
cry cry cry

when you're calling me i read between the lines
watching you operate all the games that we play
oh, i try to tell myself it will all work out right
but every time i see you
and every time i hear you i just

cry cry cry
when you tell me all your

lie lie lies
but when you hold me i could
die die die
boy you make me want to
cry cry cry
