Another day passes me by. (I sit alone and wonder why)
Why I feel the way I do when I'm around you.
Reality grabs a hold of me. (Unaware of what I see)
It seems to me that I can't win as I walk closer to the edge.

Falling away!
You can't take back those words you said.
Falling away!
Holding on to what we had.

As I sit back and watch you leave. (Tearing a hole inside of me)
A hole inside of me that bleeds as I'm falling faster to my knees.
How could you look me in my face?
No more of this I can take, I'm no longer in this race.
(Never comin' back! Never comin' back! Again!)

Falling away!
You can't take back those words you said.
Falling away!
Holding on to what we had.

You are the one to blame for all the suffering that you have put me through!
And I am not afraid to shut you down and give it right back to you!

Falling away!
You can't take back those words you said.
Falling away!
Holding on to what we had.

You can't take back those words you said,
I know that we could fall away holding on to what we had!
You're the one to blame,
putting me to shame,
playing all your games,

your the one I'll blame!
Trapped within my cage,
drowning in my rage,
counting all the days as I fall,
as I fall away!
