Put my nose on the tip of your back as you sleep on
your side
And then you moan and you take my hand
And put it on your side, put it on the bone of your side
And you know just what to do, know just what to say out
your mouth
And you rise up inside, taking in the love that he's
shown

Nooo
Darling, darling, maybe you are far from home
You're an alien, you're an alien
Nooo
Darling, darling, maybe you're an alien
You're an alien, you're an alien

And then you tried to just speak to the light, in the
language that you
Know
And then you closed off the colors inside
Oh secrets that you hold, secrets that you hold those
are gold
And you know just what to do, know just what to say out
your mouth
And you rise up inside, taking in the love that he's
shown

Nooo
Darling, darling, maybe you're an alien
You're an alien, you're an alien
Nooo
Darlin, darlin, maybe you're an alien
You're an alien, you're an alien

Are you, are you far from home
Maybe, you are far from home
Can I, can I walk you home

Are you, are you far from home
Maybe, you are far from home
Can I, can I walk you home

Darlin, are you far from home
Maybe, you are far from home
Can I, can I walk you home

Darlin, are you far from home
Maybe, you are far from home
Can I, can I walk you home

Darlin, darlin, maybe you're an alien
You're an alien, you're an alien
Nooo
Darlin, darlin, maybe you're an alien
You're an alien, you're an alien
