Even if I try to keep my distance, You find me in an instant

In a prison of your lovin, and I can't deny it
If you really love me why can't I see you above me,
But I can hear your voice below me
Her whisper is the Lucifer

Chorus:

You can try and hold me down
But I can tell Love is Dead
You can tell Love is Dead
Prisoner in my head
Listen up girl we can start over again
I can be your everything, yes I'll be your everything

Girl you take control of me just like a spell Lucifer
G-G-Girl you take control of me and I can tell Lucifer
Come a little closer so that I can see your pretty face
I can't be the one for you
Let me go Let me go

Remember when we met, baby girl you knocked me off my feet
Like a freight train coarsing through my every vein and my heart it skipped
A beat, never letting go
I don't even care if you take take take take all my heart
Burning like a flame I can tell your nothing like I've seen before

Chorus:

You can try and hold me down
But I can tell Love is Dead
You can tell Love is Dead
Prisoner in my head
Listen up girl we can start over again
I can be your everything, yes I'll be your everything

Lovaholic, robotronic, lovaholic, robotronic

All of the love stories that I shared with you

Cause you know my heart and everything I do
And when I look into the sky I know the stars are all
alligned
Only stare at me, I know you want me e e e e e
I can see that way you look at me,
I can get get get get get away now
Ever since I met you I could tell that you were lying to
me, Leading me on
The girl that I once knew
Is destroying everything that I love
And I just don't know what to do

Chorus:

You can try and hold me down
But I can tell Love is Dead
You can tell Love is Dead
Prisoner in my head
Listen up girl we can start over again
I can be your everything, yes I'll be your everything

Got me feeling like a circus that I'm trapped inside of
just me and you.
Baby Dancin dancin but your playing me just like a fool
Look me in the eye girl, I know you're my girl
Like I fell in a trance
I think I love you but I know that I can't take the chance.

Loverholic, robotronic, loverholic, robotronic

No I never knew this, I can't make it through this
Girl Your fire stare it burns right through my soul
I'm not going anywhere
I like the way that it feels and no I don't care

With the look in your eyes, now you got me
Got to wonder if I could get free
Tie me up with your chain of love
Why do you cut me down, I think my heart stopped
beating
Now I'm about to close my eyes forever say goodbye
I see an angel above me
But I know it's just a dream
And you're the devil pulling me into the sea.

Chorus:

You can try and hold me down
But I can tell Love is Dead
You can tell Love is Dead
Prisoner in my head
Listen up girl we can start over again
I can be your everything, yes I'll be your everything

Got me feeling like a circus that I'm trapped inside of
just me and you.
Baby Dancin dancin but your playing me just like a fool
Look me in the eye girl, I know you're my girl
Like I fell in a trance
I think I love you but I know that I can't take the chance.
