Yeah we back with the tight beats  
If you can do it like this  
(if you can do it like this)  
Yeah we back with the tight beats  
If you can do it like this  
That's what I'm talking about  
Yeah we back with the tight beats  
If you can do it like this  
(if you can do it like this)  
Yeah I'm ready to go another round  
If you players feel the beat  
The heat is up to the sky

Ring wie donjyojin sugon hanaro  
Modu pogihetdago hal su obso  
Jichyoborin gon danji du dari punya  
Ajig ne shimjangun gyesog twigo itjanha

(I got heart on fire) nunmurun imi malla borin gol  
(no tears) gasumi da tewo boryotjanha uh oh

It's the way I love my life

Nau inseng soge bulganungiranun  
Senggag obshi saragatdon saramiya

I'll never give up my passion even though  
I fall down I'll put myself right back in

And I throw my fist

It's the way I love my life
