Even if we break up and so much time passes  
that we don't recognize each other anymore  
I just pray that only my memories will stay beautiful for  
forever.

It's been a long time, since we broke up with each  
other.  
I, too, have become so accustomed to life without you.  
When I missed you there were times when I called my  
friend and cried endlessly.

I call it destiny, you call it love,  
I met you on a cold winter day.  
Like my man teddy says,  
It's nothing like a love at first sight  
More like a love in second sight  
and even more and more at third sight  
Honestly, I didn't open my heart at first.  
Cuz I heard rumors about you  
But those rumors ain't true,  
I didn't know that like fate, I'd meet you again  
That like fire I'd burn into ashes.

Again, I'll beg of you,  
Don't forget a single one of our beautiful memories.  
Just for this lifetime treasure them, please.  
When all of time has stopped, throw away all traces of  
those years  
and then with that appearance fly to the heavens and  
let's meet again.

So that even if you're not by my side, I can see you.

Sure, it might be that this is for the better  
So that we can only remember each other's  
beautiffulness.  
You probably won't see me get older and see me get  
wrinkles one by one.

It's all good this might be better.  
Forever in my memory, you're Queen again.

Bright, like a child, white and clean.  
I'll just treasure your appearance when you laughed.  
Excuse me, Later even if I become a grandfather  
If you say that I only knew you long ago, a smile will  
come to my lips.  
Destiny it might have been. The break up too was  
Destiny  
Apostrophy PS. I miss you.

Please, I'll beg you like this.  
Don't forget a single one of our memories when we  
loved each other.  
Just for this lifetime treasure them, please.  
When all of time has stopped, throw away all traces of  
those years  
and then with that appearance fly to the heavens and  
let's meet again.

The many hard things that I withstood, its okay.  
I'll forget everything, don't worry.

Again, I'll beg of you,  
Don't forget a single one of our beautiful memories.  
Just for this lifetime treasure them, please.  
When all of time has stopped, throw away all traces of  
those years  
and then with that appearance fly to the heavens and  
let's meet again.

I thank you for being by my side  
I thank you for always loving me  
I thank you for being born into this world.  
I thank you thank you  
I thank you for giving me good memories  
I thank you for being born close to me  
I thank you for just being you  
I thank you, so thank you..
