I'm out to ... right you, not around when you got it  
And don't know where to ... when you go  
Hey, hey, yo gonna leave baby, hey, hey  
... that right about you, ...  
When them other bitches want, aha, aha, aha  
That's right, that's me baby

I was here when your head low  
If you lost it all with me  
I wouldn't let you fall  
People would call me down, wanna hurt me now  
Then I can be the one that you call  
And baby I'm gonna hold you down  
Until we hear the gunsound, aha  
And when you see nobody else around  
I'ma be here to the gunsound

You need to get next to me  
For me to walk away and let you go  
And you know it's the truth, babe, hey, hey  
And I ain't a ... who fall about your fantasy  
Walk round about it...know you want, aha, aha  
You can try and see baby

I was here when your head low  
If you lost it all with me  
I wouldn't let you fall  
People would call me down, wanna hurt me now  
Then I can be the one that you call  
And baby I'm gonna hold you down  
Until we hear the gunsound, aha  
And when you see nobody else around  
I'ma be here to the gunsound

I'm so in love, with you, yeah  
No matter gonna get better  
No matter gonna get better  
Any thing you do babe  
I love ... you, aha  
Nobody love you better  
Nobody love you better

Than I do baby

I was here when your head low  
If you lost it all with me  
I wouldn't let you fall  
People would call me down, wanna hurt me now  
Then I can be the one that you call  
And baby I'm gonna hold you down  
Until we hear the gunshot, aha  
And when you see nobody else around  
I'ma be here to the gunshot X 2
