What you trying to fight about now
I don't wanna hear that
Seriously you're bringing me down
I wish you would leave me alone
Boy I think you're crumping my style
And everyone can see that
Am I the only number you dial
I hope you figure out that

I'm sending you the voicemail
Leave a message after the tone
And leave me alone, leave me alone
I'm sending you the voicemail
Sorry cause my mailbox is full, is full
I'm sending you the voicemail
Sending you the voicemail, mail
Sending you the voicemail,
Sending you the voicemail,
I think it's time I hang it up

Sick and tired of reading your text
Why'd you sending essays
Still deciding what to do next
Call it off the best way
Feels like you're invading my phone
What happened to my space
You be acting crazy, I'm gone
Don't blow up my phone

I'm sending you the voicemail
Leave a message after the tone
And leave me alone, leave me alone
I'm sending you the voicemail
Sorry cause my mailbox is full, is full
I'm sending you the voicemail
Sending you the voicemail, mail
Sending you the voicemail,
Sending you the voicemail,
I think it's time I hang it up.
