All I get is heartbreak, so this aint nothing new to me
whatever don't kill me makes me stronger
so this aint the worst that you and do to me

I don't have enough breakups
But I end up bout the breakdowns
Steering in my eyes saying
you aint got chick on the side stop lying

did you think that I wouldn't find out
did u really think that I would let it ride
the truth is that I always knew
just like I always do

so why did I fall for you
the bigger the heart (bigger the heart)
the harder the fall
so get up, walk it off (walk it off)
walk it off (walk it off)
walk it off , so whenever you fall
get back up walk it off

I try to look the other way
But you would throw it in my face
It didn't matter cause a stayed
I couldn't walk away know I was getting played

And I know I made it easy
For you to break the rules
But I was leaving it up to you
when you didn't have clue, you think that I was a fool

Did you think that I wouldn't find out
did u really think that I would let it ride
the truth is that I always knew
just like I always do

So why did I fall for you
the bigger the heart (bigger the heart)
the harder the fall
so get up, walk it off (walk it off)

walk it off (walk it off)
walk it off , so whenever you fall
get back up walk it off
