Listenin' on my stereo
nothin' to do now that you're gone
Dust off the broken radio
the road goes ever on and on

Everything burning, they're all gone now
There'll be no more learning, they're all gone now
Burning, learning, aching, yearning
Nobody lives here anymore

Lyin' here, this can't be it
there must be one more real punk song
All we have now is New Age crap
no one lives anywhere for long

Everything burning, they're all gone now
There'll be no more learning, they're all gone now
Burning, learning, aching, yearning
Nobody lives here anymore

Sedate me now, I cannot stand
Bonzo's gone and I'll go soon
I'll never meet all yuor demands
can't listen to an empty tune

Everything burning, they're all gone now
There'll be no more learning, they're all gone now
Burning, learning, aching, yearning
Nobody lives here anymore

Everything burning, they're all gone now
There'll be no more learning, they're all gone now
Burning, learning, aching, yearning
Nobody lives here anymore
