Taking the trash out
Taking the trash out
Throw away my life along
Taking the trash out
Taking the trash out
Help me as I sing my song

Hating it all away
Gonna get through, someday
Somehow, somewhere, somewhen
I'll find out then

Nobody's on a roll
Cops in my life on the dole
Nobody's feeling sad
Inside I bet they're just as glad
As me, as me
To see...

Me...

Taking the trash out
Taking the trash out
Out out out, out with a bang
Taking the trash out
Taking the trash out
Impaled upon the fang

Nothing really matters at all
Stand up straight, lest you be tall
Let's all-
Be small-
'Cuz it all ends sometime soon
