Ooh

Poor you
Life is like shooting in the dark
Oh, never had a fair shot
You was angry heard you was less
Could never mount to much
So your head is high
But inside, your spirit's low

Poor you
Blame all you want, but it's up to you
You can stay or you can move
Cause it's freewill
Be strong enough to do what you wanna do
Or in the end, you're only a loser
And you lose

Pull deep
One step at a time moves you closer to
Anything you wanna do
It's so hard I know
But you should try, cause if you don't
You lose and they've won
And in the end you're still just a loser
And you lost
Don't be hanging round waiting placing blame
They can't feel your pain
Get your own
No matter what you say
Your fault if you stay
Now they won, yeah, hey, yeah

You chose to stay
Now my friend, you've just a loser today
Loser today, la-la-la

Win
Try to win
Win
You don't have to be a loser

Win, you don't have to
Try to win
You don't have to be a loser
