Boy you got my heart beating out my chest
Hotter than the bass when I drop it like that
Something like a walk in cardiac arrest
Glad I learned I'm falling for you call the paramedics
Now I notice what I'm doing when I whine
My body they like to keep a brother on the sky
Now I know I know baby you don't mind
By the end of the this song you'll be mine

[Chorus]

Boy don't let me dance alone but, but baby
Don't let the music die
Boy don't let me dance alone but baby
Put your hands in the sky
You could be the fliest dude in this party
Meet me on the floor wrap your arms around my body
So you don't have to dance alone

Cleaner then a old school cherry Cadillac
My red dress hotter than the engine on fire
I'm bouncing up and down, like our dry legs
Energizer bunny got you going high
Now I notice what I'm doing when I whine
My body they like to keep a brother on the sky
Now I know I know baby you don't mind
By the end of the this song you'll be mine

[Chorus]

Boy don't let me dance alone but, but baby
Don't let the music die
Boy don't let me dance alone but baby
Put your hands in the sky
You could be the fliest dude in this party
Meet me on the floor wrap your arms around my body
So you don't have to dance alone

Tell me you don't got a girl you could be my boyfriend
Baby tell me what you say
Let's just keep on dancing
Dancing like my boyfriend
Baby tell me what you say

[Chorus]

Boy don't let me dance alone but, but baby

Don't let the music die

Boy don't let me dance alone but baby

Put your hands in the sky

You could be the fliest dude in this party

Meet me on the floor wrap your arms around my body

So you don't have to dance alone
