Na (12x)

Na (12x)

Na (12x)

Na (12x)

Every day you told me what to do.

Big Time Rush (Kendall & Carlos):

And every day I would go on the floor for you.

Big Time Rush (James & Logan):

And I could not tell you how I feel.

Brother Sister (Br3ndan):

And I couldn't keep you waiting.

I don't need you now to come Between Us. I'm fine all  
by myself.

I don't need you now because you would never be the  
same.

I don't need now because I'm happy with all my friends  
right now.

I don't need you.

Na (12x)

Na (12x)

Na (12x)

Na (12x)

Every day I couldn't stay with you and I would what I  
would say to you.

OOOh YEA!

And I wouldn't stand a chance between you.

Between You (2x)

Both:

I don't need you now to come Between Us. I'm fine all  
by myself.

I don't need you now because you would never be the  
same.

I don't need now because I'm happy with all my friends  
right now.

I don't need you.

Oh. I can't get away I just can't get away. But I can see  
that you lied but  
Not just too my. Hearrrt!

I don't need you now to come Between Us. I'm fine all  
by myself.  
I don't need you now because you would never be the  
same.  
I don't need now because I'm happy with all my friends  
right now.  
I don't need you.  
Na (12x)  
I don't need you  
Na (12x)  
Or just need you.  
Br3ndan:  
Na (12x)  
Or just get away.  
Na (12x)  
Or get away.
