I don't mind you telling me
What's been on your mind lately
I don't mind you speaking up
I know sometimes I can be
All wrapped up and into me
I can be in such a rush
Just slow me down
Slow me down
Tell me tomorrow everything will be around
Just slow me down
Slow me down
You're the one who keeps me on the ground

Baby you can be tough
Say enough is enough
You can even be blunt
Just do it with love love love
You can tell me I'm wrong
That I'm coming on way too strong
Don't think I'd be crushed
Just do it with love love love love
Just do it with love love love love
Just do it with love

I can take your honesty
All your words weigh heavily
Listening to you all the time
I want to be there for you
The way you've been there for me
Always help me walk the line
And slow me down
Slow me down
I know you will always be around

Baby you can be tough
Say enough is enough
You can even be blunt
Just do it with love love love
You can tell me I'm wrong
That I'm coming on way too strong
Don't think I'd be crushed

Just do it with love love love love

All this time we finally know each other
Now that I've been leaning on your shoulder
I can tell you baby that
You're right when you're right and
You're wrong when you're wrong and
I can be weak 'cause I know you're strong

Baby you can be tough
Say enough is enough
You can even be blunt
Just do it with love love love
You can tell me I'm wrong
That I'm coming on way too strong
Don't think I'd be crushed
Just do it with love love love love

Baby you can be tough
Say enough is enough
You can even be blunt
Just do it with love love love
You can tell me I'm wrong
That I'm coming on way too strong
Don't think I'd be crushed
Just do it with love love love love

Just do it with love love love love
Just do it with love

Just do it with love love love love
Just do it with love

Just do it with love
