Days

I haven't seen days  
Just solid water  
Down my face

Days

I've missed so many days  
In a world that has become an unfamiliar place  
Now to you, I'm just an unfamiliar face

I'm losing myself again  
You swore you'd be around this time

When revelation calls  
And everything is blown away  
When revelation calls  
And everything is blown away  
Blown Away

Will you still be there  
With your heart boarded up  
Nailed with my mistakes

Should I start giving up

Or am I too late

I'm losing myself again  
Turning us into friends this time

When revelation calls  
And everything is blown away  
When revelation calls  
And everything is blown away  
Blown Away

Sheltered days, everybody wants more  
And take it away, everybody wants yours  
These sheltered days, everybody wants more  
We never change

When revelation calls

And everything is blown away  
When revelation calls  
And everything is blown away  
Blown Away
