We were young once, full of violence,  
Now you're silent and I'm breathing the cold,  
You forgot me, almost lost me, every night was hell,  
Like battle and war.

Hesitation, frustration, what's the problem?  
Is this what you want?  
You're hearing voices, getting restless,  
A pair of wings is all you're wishing for,  
You know, you know.

Carrie, where did you go?  
Carrie, where did you go?  
Carrie, what's wrong?  
Carrie!

Do you remember when you saw me  
Wandering the dark streets?  
You left me alone.  
It wasn't like you, nothing like you,  
To paralyze our dreams of changing the world.

Taken over, by a cobra,  
Hooded warrior is deaf to the sounds.  
Shooting bright lights, crimson walk ways,  
Now we say New York's our city of love,  
Of love, of love.

Carrie, where did you go?  
Carrie, where did you go?  
Carrie, what's wrong?  
Tell me what's wrong.

I still, still feel the love we found.

Where did you go?

Carrie, where did you go?  
Carrie, where did you go?  
Carrie, what's wrong?  
Tell me what's wrong.

Tell me what's wrong.
