[V1]

This is the Heaven sent
Perfect skin
Your spinning scents
Where is the constant?
If you ever breathe
How do you ever breathe... with me?

[Sub-Chorus]

I'm holding it back 'til I can't resist
Lifting me with your fingers kiss
Our bodies apart never made much sense
I swept the evidence

[Chorus]

My baby
I'm on the way
Save me
From the Cold War.

I'm holding it back 'til I can't resist
Lifting me with your fingers kiss
Our bodies apart never made much sense
I swept the evidence

[V2]

I'm slipping into stars
Your rush is pushing me
The West is won
I'm uncomfortably numb

I'm holding it back 'til I can't resist
Lifting me with your fingers kiss
Our bodies apart never made much sense
I swept the evidence

Now Press Me Down

I'm holding it back 'til I can't resist
Lifting me with your fingers kiss

Our bodies apart never made much sense
I swept the evidence (x2)

[Chorus and Sub-Chorus overlap] (x2)
