I can't erase the pain
There's no one to follow
And I stay alone... Searching

Once time is the only
Race we had behind us
But now we're going, going... Gone

But when I see your face
It takes me away
I stop crying
And you never know what you mean to me
Love or something like it

I run to see him breathe
Cause I'm underwater
And the demons see
All I can't believe

But when I see your face
It takes me away
I stop crying
And you never know what you mean to me
Love or something like it

I'm tired of sinking under
Yesterday
And every tomorrow
When you disappear
When I need someone so close
So damn close
I don't know... Where you are

But when I see your face
It takes me away
I stop crying
And you never know what you mean to me
Love or something like it
