Running in circles  
Chasing pain of yesterday  
Shaken, fearful  
Because I've come back for what is trouble

Still I will wait it out  
I will wait it out  
I will wait it out  
I will not be shaken

Strange calls to meet those  
Who feel and know how to give up  
The stage lights and heroes  
Razor pain rubbed it all away

Still I will wait it out  
I will wait it out  
I will wait it out  
I will not be shaken  
I will not be shaken

I didn't notice it right away  
I didn't notice it 'til it was too late  
I've gotta change my desire  
For your all consuming fire

I didn't wanna cry out at night  
I didn't wanna stop at mid flight  
I didn't plan for the fall  
When I was running from it all

Have I no evil  
Citizen Cain slowed my desperate running

Still I will wait it out  
I will wait it out  
I will wait it out  
I will not be shaken  
Will not be shaken

I will not be shaken  
I will not be shaken
