V1

Hey down there Smile  
Don't worry, for me.  
'cause I'm okay...  
--you cared.

No more tears - - -  
'cause I'm far from lonely.  
I'm far away...  
. . You cared

Please don't think the world -  
Has taken the best  
Of you or me.  
I know the love that's in your eyes  
Was there when the sky--  
Fell over me.

V2

Leave me here....  
Now I'm with the angels:)  
And don't you say...  
"It's not fair"

Bridge

I can't help but say  
That I love you...that I love you  
I'm not around, but . . .
