"Stay Down"

If I stay or if you go,
Two halves but never a whole.
And when you fall asleep alone...
Are you dreaming of all of the things
That I will never know?

They're all the lies you turn to red
(I've got this feeling again)
I should be living like you're dead
(I've got this feeling again)

(Chorus)
Stay down,
Don't let your cover go away
Under this rain cloud...
Stay down,
Don't let your cover go away
On our way out

The spies have come for your arrest
Tongue-tied with the curse from your lips
And don't you say what you'll regret
Don't crucify what's nailed above my head.

And now you're reaching for my hand,
(I've got this feeling again)
'Cause you are sinking in the sand
(I've got this feeling again)

(Chorus)
Stay down,
Don't let your cover blow away
Under the rain clouds
Stay down,
Don't let your cover blow away,
On our way out.
our way out.

Oh-oh-oh

The cover explodes when dying stars

Take their last breath
I've got this feeling again
We trip but the lightning still sticks up
And I've got this feeling again

(CHorus)

Stay down,
Don't let your cover blow away
Under this rain cloud.
Stay down,
Don't let your cover blow away
On our way out (x3)
