Moving forward, far away from your wing.  
Holding on to what,  
Replace the better side of me.

Always second guessing,  
Steering clear of your cross.  
Makes it easier for me to accept what I have lost.

I don't need your secret place,  
I've found a better one.  
Thinking of no one else, led me to this,  
Help me through this.

Just take me back to where I was,  
Just take me back to where I was.

Erase this state of mind,  
Help me get back what's mine.  
Face down with hands against the wall,  
Please take what I've had to hide.  
Start me over from the start,  
Reshape my heart tonight.  
I was thinking of someone else  
When you noticed  
And I'm sorry for this.

Just take me back to where I was,  
Just take me back to where I was.  
When I was thinking of no one else  
In a moment that I'll never forget.
