Once loved a past illusion
filming at the top of my mind
dispare once longing love
found and ripped down the middle
you broke my heart in two peices
i lay fallen torn because of you my worlds a broken
image

anger rising
a mist in my eyes
my reflection is blurred
my fears overriding me
where to turn
now where to run

once loved a past illusion
filming at the top of my mind
dispare once longing love
found and ripper down the middle
you broke my heart in two pieces
i lay fallen torn because of you my worlds a past
illusion

holding wishing
holding on to nothing
in the mirror
my life is broken
you borke my heart
you and i its done and over

once lovd a past illusion
filming at the top of my mind
dispare on ce longing love
found and ripped down the middle
you broke my hesrt in to peices
i lay fallen torn because of you my worlds a broken
image
