Do not promise  
What you cannot give  
Abandoned with  
A guilty love or and endless fear  
Hold tight, the memories of the secret sunrise  
But things change and the end, nears

Do not promise you can abandon your wild seas  
Giving me hope I will find again the quiet breeze  
Been in this to long, to much to hold on  
We just keep going and it's getting harder to let go

Give me a reason not to love you  
Give me a reason not to leave  
Give me a reason not to love you  
Cos you were, you were trouble

You pull me closer under the guise of your lies  
You pull me inwards until I've lost my will to leave

Give me a reason not to love you  
Give me a reason not to leave  
Give me a reason not to love you  
Cos you were, you were trouble

I hoped I would shine in your eyes  
But the light never arrived
