Abide with me
Fast falls the eventide
The darkness deepens

Lord give me abide
When other helpers fail and comforts flee
Help of the helpless, oh abide with me

Together with choir:
Swift to its close ebbs out life's little day
Earths joys grows dim, its glories pass away
Change and decay in all around I see
O thou who changed not, abide with me

Abide with me
Fast falls the eventide
The darkness deepens

Lord give me abide
When other helpers fail and comforts flee
Help of the helpless, oh abide with me
