I will love you as I love you
All my life
Every moment spent with you
Makes me more content with you
Just as you are
You are all I could pray for
All that you are
That's what I wake up each day for
Every single
Touch and tingle
I adore
Every kiss from you to me
Always seems so new to me
Each one warmer
Than the one before

As I love you more and more and more
Every single

Touch and tingle
I adore
Every kiss from you to me
Always seems so new to me
Each one warmer
Than the one before
As I love you more and more
And more
(in the 1969 version repeating the last verse during
fade out)
(transcribed by Roman)
