I'd like to run away from you, but if you never found me
I would die
I'd like to break the chains you put around me, but I
know I never will
You stay away and all I do is wonder why the hell I wait
for you
But when did common sense prevail for lovers when we
know it never will
Impossible to live with you, but I know, I could never live
without you
For whatever you do
I never, never, never want to be in love with anyone but
you
You never treat me like you should, so what's the good
of loving as I do?
Although you always laugh at love, nothing else would
be good enough for you
Impossible to live with you, but I know, I could never live
without you
For whatever you do

I never, never, never want to be in love with anyone but
you
You make me laugh, you make me cry, you make me
live, you make me die, for you
You make me sing, you make me sad, you make me
glad, you make me mad, for you

I love you, hate you, love you, hate you

But I'll want you till the world stops turning
For whatever you do
I never, never, never want to be in love with anyone but
you
I love you, hate you, love you, hate you

But I'll want you till the world stops turning
For whatever you do
I never, never, never want to be in love with anyone but
you
I love you, hate you, love you, hate you

But I'll want you till the world stops turning
For whatever you do
I never, never, never want to be in love with anyone but
you
