I spent my night-time
Dreaming that I'm holding you close
Only to wake up

All alone
Crying my heart out

For that's when I miss you the most
Misery is all my heart's ever known

Lost and lonely
That's my destiny
There never seems to be

A moment's happiness for me
Nobody knows what heartache and what torture it can
be

To live without your love

Lost and lonely
Still I struggle on
In dreams of love

That comes at night and disappears at dawn
The magic morning

I'll awake and find you haven't gone
It's all I'm dreaming of

Maybe tomorrow
All the dreams I've dreamed will come true
But until then:

Love, where are you?

Lost and lonely
Still I struggle on
In dreams of love

That comes at night and disappears at dawn
The magic morning

I'll awake and find you haven't gone
It's all I'm dreaming of

Maybe tomorrow
All the dreams I've dreamed will come true
But until then:

Love, where are you?
Love, where are you?
Love, where are you?
