Shout (shout)

Count on me I'm gonna win the race

Count on me I'm gonna win the race

Room-dah-bee-boom the whispering dong

Room-dah-bee-boom the whispering dong

Now shut the door keep down to south

Shut the door keep down to south

Shut the door keep down to south

Not any track is turning but the race is in my head

I'm attacking the illusion but the stopping drives me

mad

Time is running out and the illusion fades away

Time is running out another day is on its way

Another sun was shining and he knew he wasn't great

He didn't ever talk about he knew he couldn't wait

Are you ever gonna push me let me run and let me do

I need it and I'm ready and I haven't got a clue

Not any track is turning but the race is in my head

I'm attacking the illusion but the stopping drives me

mad

Fire away - this is the race

Why - burn - shout - lies

Give me the race

Another sun was shining and he knew he wasn't great

He didn't ever talk about he knew he couldn't wait

I need this race

Are you ever gonna push me let me run and let me do

I need it and I'm ready and I haven't got a clue

Any track is turning but The Race is in my head

I'm attacking the illusion but the stopping drives me

mad

Fire away

Time is running out and the illusion fades away
Time is running out another day is on its way

This is the race

Good afternoon ladies and gentlemen
This is Billy McKloski from Palm Springs reporting for
NBC Sports of America
Twenty seconds to the start of the thirty-first Formula
race
On a hot sunny afternoon here in California
On the fast lane of the street I'm driving
Sometimes somewhere I'm arriving
Every day and every night
Why I need this race

Count on me I'm gonna win the race
Count on me I'm gonna win the race
Room-dah-bee-boom the whispering dong
Room-dah-bee-boom the whispering dong
Shut the door keep down to south
Shut the door keep down to south
Race in my head
