One day we walked along the sand
One day in early spring
You held a piper in your hand
To mend it's broken wing
Now I remember many a day
And many a lonely mile
The echo of a piper song
The shadow of a smile
The shadow of your smile

When you are gone
Will color all my dreams
And light the dawn
Look into my eyes, my love, and see
All the lovely things, you are, to me

Our wistful little star

Was far too high
A teardrop kissed your lips
And so did I
Now when I remember spring
All the joy that the love can bring
I will be remembering
The shadow of your smile
