When I need you
I just close my eyes and I'm with you
And all that I so want to give you
Is only a heartbeat away
When I need love
I hold out my hands and I touch love
Never knew there was so much love
Keeping me warm night and day

Miles of empty space in between us
A telephone can't take the place of your smile
But you know I won't be traveling forever
It's cold out, but hold out
And do like I do
When I need you
I just close my eyes and I'm with you
And all that I so want to give you
Is only a heart beat away

It's not easy when the road is your driver
That's a heavy load that we bear

But you know I won't be traveling a lifetime
Its cold out, but hold out
And do like I do
I need you

When I need love
I hold out my hands and I touch love
Never knew there was so much love
keeping me warm night and day

But you know I won't be traveling a lifetime
Its cold out, but hold out
And do like I do
Its cold out, but hold out
And do like I do
I need you
