They don't want me anymore
They all say I'm through
Well, it's time they knew

With one look, I can break your heart
With one look, I play every part
I can make your sad heart sing
With one look, you'll know all you need to know

With one smile, I'm the girl next door
Or the love that you've hungered for
When I speak, it's with my soul
I can play any role

No words can tell the stories my eyes tell
Watch me when I frown, you can't write that down
You know I'm right, it's there in black and white
When I look your way, you'll hear what I say

Yes, with one look, I put your words to shame
Just one look sets the screen aflame
Silent music starts to play
One tear from my eye makes the whole world cry

With one look, they'll forgive the past
They'll rejoice, I've returned at last
To my people in the dark
Still out there in the dark

Silent music starts to play
With one look, you'll know all you need to know

With one look, I'll ignite a blaze
I'll return to my glory days
They'll say, Norma's back at last

This time I'm staying, I'm staying for good
I'll be back where I was born to be
With one look, I'll be me
