(The words in brackets are variations on some recordings.)

There were times when live seems so empty to me
But things are changing, now I'm free as a bird
You ain't heard nothing yet
There were times when I felt live running away
But that's too easy, so now I'm here to stay
You ain't heard nothing yet

If you think I'll never sing another song

Never shed another tear
Then wait, you could be wrong
If you think, I'll never break another heart
This is now my brandnew start
And I'll prove you wrong
I've known it all along
There were times (when) I wished I'm (or: I was)
somebody else
Someone who'd do better, now I don't care
You ain't heard nothing yet

All my life I've known that I wasn't alone
(That) Luck 's on my side
Baby (so) how carry on
You ain't heard nothing yet

If you think I'll never sing another song

Never shed another tear
Then wait, you could be wrong
If you think, I'll never break another heart
This is now my brandnew start
And I'll prove you wrong
I've known it all along
If you think I'll never sing another song

Never shed another tear
Then wait, you could be wrong
If you think, I'll never break another heart
This is now my brandnew start

And I'll prove you wrong
I've known it all along
But baby
You ain't heard nothing yet
