This is the moment
This is what we've been waiting for
All of our dreams will finally
Become reality for sure
No hesitation, fortune will favour all the brave
There is no way of stopping us
It's now or never

Champions, we will be champions
Yellow and blue
Just like the sun in heaven
The magic eleven
We will be glorious, we'll be victorious
We'll make our way
Now we have the ball at our feet
We will be winners today

With every heartbeat
We are with every breath we take
Ready to start at any time
'Cause we have got no time to lose

Always in motion
Waves of the ocean, wild and free
We are the undefeatable
Have made our minds up

Champions, we will be champions
Yellow and blue
Just like the sun in heaven
The magic eleven
We will be glorious, we'll be victorious
We'll make our way
Now we have the ball at our feet
We will be winners today

In this game, they're gonna know our name
We will aim for the stars
We'll put up a fight, it's alright
'Cause we're the daughters of Mars

Champions, we will be champions
Yellow and blue
Just like the sun in heaven
The magic eleven
We will be glorious, we'll be victorious
We'll make our way
Now we have the ball at our feet
We will be winners today

Champions, we will be champions
Yellow and blue
Just like the sun in heaven
The magic eleven
We will be glorious, we'll be victorious
We'll make our way
Now we have the ball at our feet
We will be winners today
