"Always On My Mind"

Say a little word to me and make me want to follow you.
You could tell me what to do and I won't think twice.
Look at me just once and I'm filled with so many
colours.
You're always on my mind, always on my mind, that's
all.

I dance like a mascot, you cough like emphysema,
and it feels like heaven when you're around.
You say, "Hey, sweet thing,
why you working so hard? You won't get much for your
trouble".
But you're always on my mind,
always on my mind, that's all.
You're always on my mind, always on my mind, that's
all.

Tell me, they can tell me that your kisses will erode me,
That it's poison just to hold your hand.
Well I like the taste of bitter,
and when your lips touch my lips I shiver and You're
always on my mind, always on my mind,
that's all. You're always on my mind, always on my
mind,

I'll stick with you until I become lonely and cruel
as the ones you love. Lonely and cruel until I get
mine. I'll be your fool 'til the end of time.

Oh, you're so cold. Don't make my heart old.
Don't leave me alone here.
Stay with me, my hands are warm, I'll melt you down
like butter.

Cuz you're always on my mind,
always on my mind, that's all.
You're always on my mind, always on my mind,
that's all. You're always on my mind, always on my
mind, that's all.

I will grow a woman's thighs around you while you're

unaware. I will hold you tight with them 'til you're no longer there.
